What They’re Saying about Us

“Las Vegas is world renowned for our legendary shows! On September 14-17th, the top rated show of the year will be the NECA Convention and Show 2019. If you are an electrical, low voltage or alternative energy contractor, a journeyman, apprentice, educator or vendor, the place for cutting edge products and services will be right here at the Mandalay Bay Hotel and Convention Center. Join the ‘best of the best’ and welcome to Las Vegas!”

Patrick Armour, Principal, G&G Systems
Southern Nevada Chapter NECA President

"Thanks for a great show. It was very well done. See you next year."

Michael T. Peschel, Executive Vice President and Director of Technology High Voltage, Inc.

“The NECA Show was the best ever! The Convention speakers were top notch.”

Kevin Broxtermen, DeBra-Kuempel, an EMCOR Company

“The NECA convention and trade show is important to your competitive game plan in the industry.”

Marv Nelson, President, Nelson Electric, Inc.

“We are excited about the amazing turnout of product offerings this year. It helps us keep up with new technology.”

Kurt Brinkman, CEO, Intrepid Electronic Systems, Inc.

“I have attended every convention since 1993. From each and every convention I have attended, I have taken away at least one thing to apply to my business that has more than paid for the cost of the convention. Sometimes it was a new tool or new type of innovative material that I saw on the convention floor. Sometimes it was an idea from a seminar that I attended. For the life of me, I can’t understand why all contractors don’t attend every year.”

Phil Rose, President, Roman Electric Company

“The best part of the NECA Show is networking with vendors and other contractors.”

Todd Bro, President, ARC Electrical & Lighting Corp.

“Best damn show I’ve ever been to”

Michael Nielsen, President, A C Scott Electric Company Inc

“The convention offers me a chance to meet my peers, discover new products & services, and learn how NECA is helping grow our industry. Definitely a must-see event every year!”
