

NECA 2025 CHICAGO

POST SHOW

REPORT

#1 EVENT FOR POWER, LIGHT, AND COMMUNICATION TECHNOLOGY

Brought to you by the National Electrical Contractors Association

THANK YOU FOR MAKING IT A SUCCESS!

NECA 2025 Chicago was a resounding success, driven by the energy, collaboration, and commitment of our members, exhibitors, and sponsors. This year's convention brought the best of the electrical industry to the forefront. Hitting another milestone, we hosted over 427 exhibiting companies and the largest attendance in history! Participants were inspired during educational sessions, interactive tech demonstrations, and impactful networking opportunities.

This report presents key insights and data to help you better understand your customers' evolving needs – and how your products and services can support their goals for greater efficiency and competitiveness.

We've set a powerful foundation for the future of electrical contracting. Thank you to everyone who participated with us in Chicago. Join us next year in Las Vegas as we celebrate 125 years of Powering Progress!

VERY IMPORTANT FACTS

- ▶ **98%** of attendees rated their NECA 2025 Chicago experience Excellent or Very Good
- ▶ **76%** of attendees either make the final decision for the purchase of products and services or are part of the decision-making team
- ▶ Top **Three** Reasons Electrical Professionals attended NECA 2025 Chicago
 - 1 See & Purchase New Products
 - 2 Networking
 - 3 Educational Sessions
- ▶ **88%** of attendees are either Highly Likely or Somewhat Likely to purchase a product seen at the NECA Show within the next 12 months
- ▶ **39%** attended the NECA Show for the first time
- ▶ Attendees came from all **50** states and **31** different countries

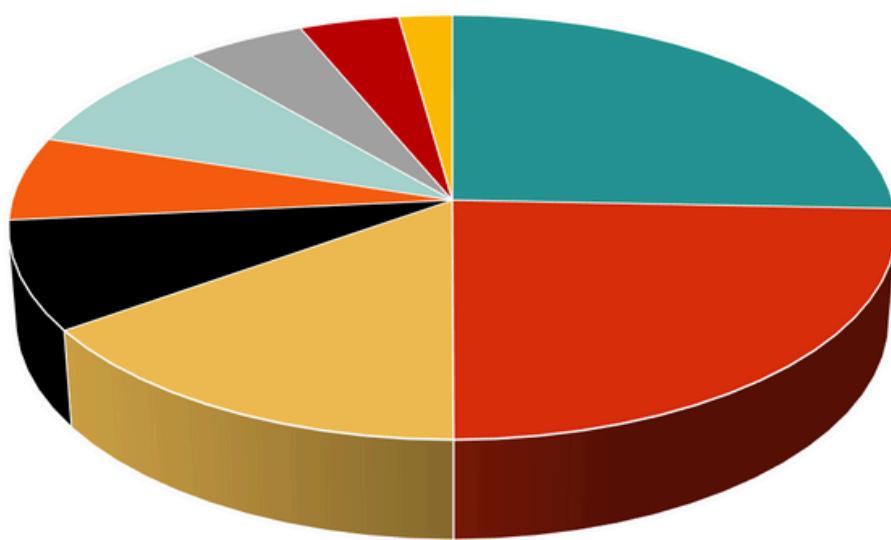

"We had a great time at #NECA25 in Chicago. Our crew included a mix of leadership, marketing, electricians, and project management giving us a wide range of perspectives. From AI in marketing and sales to updates on the NEC code, suicide prevention training, and exploring the trade show floor for new tools and materials, there was something for everyone to bring back to the team."

Kendra Hart, Martin Electric

ABOUT OUR ATTENDEES

AGE GROUP

- ▶ 15% 60+ years
- ▶ 26% 51-59 years
- ▶ 31% 41- 50 years
- ▶ 22% 31- 40 years
- ▶ 6% 21- 30 years

HOW CONTRACTORS ARE USING ARTIFICIAL INTELLIGENCE

"The NECA National Convention is more than a tradeshow, it's where the heartbeat of our industry comes to life. Schneider Electric is proud to be a premier partner. This year in Chicago reminded me why this community is so special. From thought leadership sessions and engaging booth experiences to meaningful conversations throughout the week, it's clear we're all committed to driving the future. The energy, collaboration, and innovation on display are what keep this industry moving forward, and I'm so excited about the momentum we're carrying into 2026."

Tara Canfield, Schneider Electric

ABOUT OUR EXHIBITORS

- NECA 2025 Chicago Boasts the largest trade show yet with **427** exhibiting companies
- **86%** of exhibitors rated their NECA 2025 Chicago experience Excellent or Very Good
- **90%** of exhibitors rated the NECA Show as Very Valuable or Valuable for strengthening relationships with existing customers
- **81%** of exhibitors rated the NECA Show as Very Valuable or Valuable for meeting new prospects
- Top three reasons for exhibiting in the NECA Show
 - ① Generate new leads
 - ② Build brand
 - ③ Introduce new products
- **68%** of exhibitors introduced new products during the NECA Show
- Just a few Comments from the Exhibitor Survey:

"Lead generation was a big hit this year... we were able to collect detailed information about our potential new customers and have follow up notes / actions for our field sales team."

"Chicago was our 4th NECA Show, its been the best team building event hands down! We learn so about each other and build strong bonds with teammates that last the entire year, plus the leads we get pay for the investment. The ROI on our NECA booth is a no-brainer."

"This is the Best Electrical industry trade show. It's a must attend!"

"We are so excited to be a part of the NECA show! As a vendor, its such a wonderful way to meet and interact with our valued contractors."

"This is the best place to see both contractors and electricians in one place. The conversations are always valuable and we get a ton of energy for the year."

"The NECA Show was so beneficial for our company, we are upgrading the size of our booth for Las Vegas."

TRADE SHOW EDUCATION

NECA offered a total of 81 education sessions equaling 152 hours of expert led education. Each year, we ask our exhibitors to help us put together a cutting edge slate of trade show education that is free to all attendees. Manufacturers and distributors are often home to the industry's top research and development teams. They continuously track trends and pioneer new technologies aimed at helping electrical contractors work more effectively and efficiently. Thank you to those NECA exhibitors helped us showcase the latest and greatest innovations shaping the future of the industry.

CONTRACTOR SOLUTIONS

- Developing Skilled Field Leadership Teams
- Advanced Materials in Renewables for Efficiency and Longevity
- Fall Protection and Ladders: How to Avoid Becoming a Statistic
- From the Field to the Office: Transforming Construction Operations with Technology
- You Have Insurance. But Are You Covered?
- Managing MV Cable System Maintenance Using Multi-Modal Sensing

- Technology Transforming Your Business: Keys to Success

"The NECA show in Chicago really highlighted how quickly the industry is evolving. There's a real appetite for hands-on technology and smarter training solutions—it was exciting to be part of that."

Gwen Pridmore, CM Labs Simulations

"NECA is all about elevating our customer relationships into true partnerships. Our planned meetings were perfect for getting together to talk about their future strategy and confirm we're building the best solutions for what the electrical industry demands."

Brian Calcagano, Procore

EMERGING INNOVATION HUB

Electrical professionals flocked to these dynamic pavilions to experience everything NECA—and everything new! Engaging conversations buzzed around the latest industry innovations and the cutting-edge solutions ready to be implemented today. It was a showcase of how our industry continues to evolve—smarter, faster, and more connected than ever.

"The energy at NECA 2025 was phenomenal. We met a wave of customers who were interested in our products and services. NECA 2025 was a lead generation experience that felt more like building future partnerships rather than simply scanning everyone that came to the booth."

Andy Netzel, Altec Sentry

THE GRID: STARTUP LAB

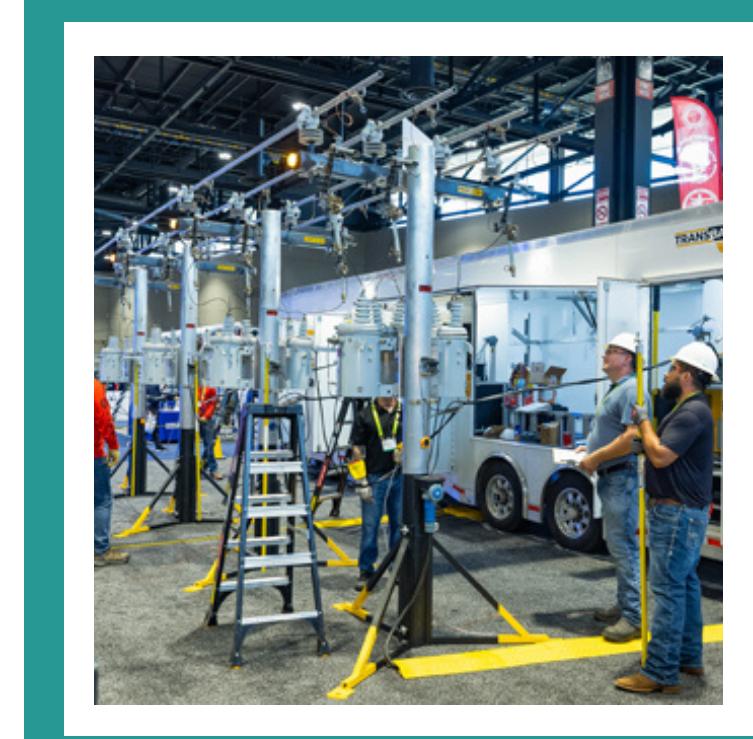

The Grid: Startup Lab is where the newest ideas in electrical construction take center stage. Meet emerging companies, discover fresh solutions, and build bold connections that will shape the future of the industry.

HIGH VOLTAGE VILLAGE

The new High Voltage Village is a dedicated space on the show floor where electric utility construction professionals connected with leading suppliers, specialty vendors, and service providers focused on ETD work. Highlighting the industry's next generation, hands-on apprentice challenges took center stage in this area.

LIMITED ENERGY PAVILION

The Limited Energy Pavilion is a one-stop shop for the latest innovations in low-voltage and limited energy technology. Meet companies at the forefront of the industry and discover their solutions.

CONGRATULATIONS TO THE 2025 SHOWSTOPPER WINNERS

184 Entries ~ 25 Winners

- Aida Corp.** – EV/RV Charging Outlet
- Arlington Industries** – Non-Metallic Split Wall Plates
- Brady** – i7500 Industrial Label Printer
- CAB (Cambria County Association for the Blind and Handicapped)** – 3D Agrivoltaic Locking Hanger Solution
- Champion Fiberglass** – Expandable Utility Riser
- Current Tools Inc.** – 517 Conduit Locker
- FieldPulse** – Operator AI
- Grace Technologies** – Proxxi Band
- Halco Lighting Technologies** – Commercial Retrofit Downlights
- Innisfree Tools** – KNOCK'ER-IN
- Legrand** – Connectrac® Tamper-Resistant Device
- Litetronics** – Linear High Bay Pro
- Lutron Electronics** – Lutron XactSense Humidity Sensor Switch
- Milwaukee Tool** – M18 FUEL™ Branch Conduit Bender w/ AUTOZERO
- National Safety Apparel** – Enespro® Airlite Ascend™ 40 Cal Arc Flash Kit

MANY THANKS TO OUR SPONSORS

Sponsorship offers a powerful way to enhance your competitive advantage by elevating your company's brand, credibility, and prestige — all while supporting NECA. These opportunities were designed to connect you directly with your target audience. In fact, corporate sponsorship has emerged as one of the fastest-growing marketing strategies in the U.S. in recent years.

NECA GIVES BACK

Each year, NECA partners with the local community in our host city—because giving back matters. Our goal is to leave a positive impact, ensuring that when we leave, the city is just a little better than when we arrived. It's our way of saying thank you and supporting the communities that welcome us.

ADOPT-A-SCHOOL PROGRAM

The NECA Adopt-a-School program supports children, teachers and their communities by helping schools in need. This year, NECA Adopt-a-School will focus on Hope Academy in Chicago which is a life preparatory high school that is transforming the underserved areas of Chicago, empowering their students to achieve their full potential and guiding them to be tomorrow's leaders.

SILENT AUCTION

Back by popular demand, the Silent Auction—generously sponsored by 3M, featured an exciting array of items, including sports memorabilia, exotic vacation packages, fine wine and liquor selections, stunning jewelry, and more.

All proceeds directly benefitted the Adopt-a-School program. NECA attendees bid generously, thus supporting the cause and helping us build a stronger, brighter future!

PAWS FOR PAWS

Most attendees couldn't resist stopping by Paws for Paws on the show floor to spend time with the adorable rescue dogs—and who could blame them? A big thank you to Graybar for sponsoring this heartwarming petting park, which benefited the Chicago Canine Rescue. Not only did it support a great cause, but it also brought joy, wagging tails, and some much-needed stress relief to everyone who visited.

The NECA Show continues to be an excellent venue for value-added meetings with our key contractors. This year's show was no exception, and we were able to have meaningful strategic discussions with customers while showcasing our advanced electrification technology."

Franklin B Sullivan, ABB Electrification Business
