

NECA SAFETY PROFESSIONALS CONFERENCE

Exhibit & Sponsorship Brochure

May 19-21, 2025

Iowa Events Center, Des Moines, IA

Because safety is not a secret!

Join us in Des Moines to Meet Safety Leaders and Decision-Makers

Safety and health needs are constantly evolving. The NECA Safety Professionals Conference brings the latest safety updates, regulations, and (most importantly) products and services that help electrical contractors keep the job site and their workers safe.

Showcase your products and services to hundreds of CEO's, Owners, Executives, Safety Managers, Risk Managers, HR, Project Managers, and other supervisory personnel who are looking for your solutions.

Building on the successes and experiences of previous conferences, the 2025 NSPC will provide the most useful and up-to-date information for inside work and outside line construction regulations, compliance, management techniques, and standards development that impact safety and health in the electrical construction industry.

As an exhibitor, you are invited to network with attendees not only during exhibit hours, but throughout the entire conference.

Exhibit Hours:

Tuesday, May 20 from 4:00pm - 6:00pm

Wednesday, May 21 from 5:00pm - 6:30pm
